CIRSE Student Programme 2018

Welcoming all undergraduate medical students to Europe's premier meeting in IR!

Lisbon, Portugal

September 22-25, 2018.

Interventional Radiology (IR)…

- Specialises in minimally invasive, image-guided treatments for a wide range of diseases

- Gentle alternative to tradition surgical procedures

- One of the most dynamic, innovative, rapidly growing areas in medicine

- Interventional Radiologists (IRs) are both technicians and clinicians & perform huge variety of high-tech procedures

CIRSE Cardiovascular and Interventional Radiological Society of Europe

- Non-profit, education and scientific association aiming to improve patient care through the support of education, science, research, and clinical practice in the field of IR

- CIRSE Annual Congress is the largest IR meeting worldwide, hosting thousands of delegates

CIRSE Student Programme
